How to park?

You can park in the parking lot inside the property or in the outdoor parking spaces along the Tertiary Center, if that seems easier.

The gate locks with the same key as your apartment key

Tip: remember to lock the doors when entering or exiting the vehicle, as the wind may push them open during your maneuver.

The latest news

We are very happy to welcome you in our house " Les Fourmis Rouges ".

We will do everything possible to make your stay as pleasant as possible.

A concierge service is available during your stay (see page 6).

Formalities

As you may have noticed on your arrival, the premises have been cleaned for your comfort.

Did you know?

The idea of the name « Les Fourmis Rouges » (The Red Ants) comes obviously from the fact that red metal ants climb along the walls of the house, but no worries, we haven't met any real ones yet.

If you find these sculptures remarkable, you should know that they come from the talent of a local artist, Nicolas Eres, who has his workshop in L'Isle sur la Sorgue, less than 6 km from here.

To find out more about him :

Nicolas Eres Sculpteur

The history of the house

Built around 1780, it was first a building that was part of a farm complex.

It was then renovated in the 1990s by a famous Zurich architect, who took care to respect the Provencal spirit, while bringing a touch of modernity.

The exterior, which was renovated in the spring of 2022, will also provide you with a haven of freshness and peace.

Mistral, what is it?

In Provence, it is possible to meet a strong wind, called the Mistral!

Is it severe? No, you will survive!

But that's why you have to **remember to close the umbrellas**, and not leave anything outside that could fly away (including your children).

Another very important point is to **remember to hang the shutters properly** when you open them.

You are a smoker?

Please do not smoke in the immediate vicinity of the pool (to avoid burning the chairs and deckchairs).

Ashtrays are at your disposal on the terrace at the entrance of the apartments to avoid any damage.

The Pool

You can use the pool at your convenience, respecting the other occupants and the equipment at your disposal. Thank you for respecting the quietness of this place.

Remember that your children are obviously the responsibility of the adults.

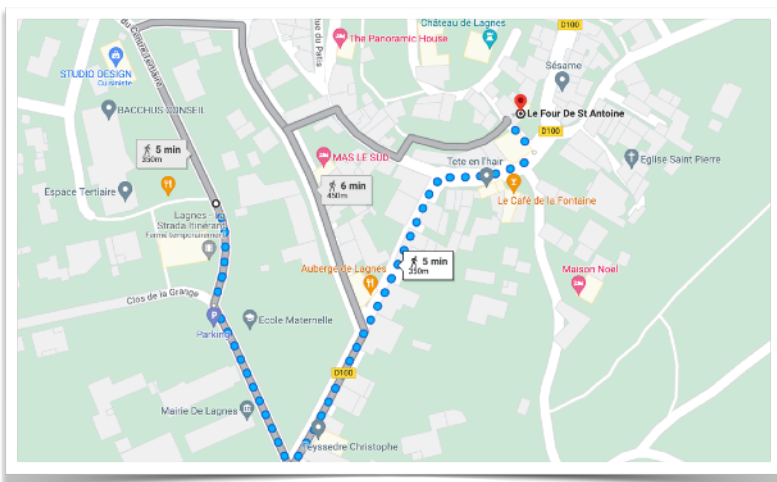

Towels are at your disposal in your apartment.

Hungry in the morning?

If you don't have anything for your breakfast, you can walk to the village bakery : **Le Four de St Antoine**.

To do this, nothing could be simpler, follow the good smell of bread just out of the furnace, and if you lack the sense of smell, follow this plan.
